

Dear Guest,

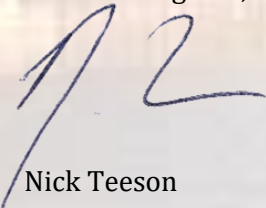

At Battery Wharf Hotel, the health and safety of our associates, guests, visitors, and vendors is our top priority. We understand the concerns which surround the COVID-19 pandemic, and want to assure you we have taken extensive measures to welcome you safely to our waterfront retreat.

The Battery Wharf Hotel temporarily suspended operations on March 26, 2020 due to the COVID-19 pandemic. Since then, we have been working vigorously to reopen safely. Our 4 (four) distinct buildings afford the opportunity for natural social distancing. We encourage you to utilize outdoor walkways between buildings and the [Boston Harborwalk](#) whenever possible, and invite you to participate in an outdoor fitness class in partnership with [Exhale Battery Wharf](#).

You will notice many changes that align with the new guidelines from the [Centers for Disease Control and Prevention \(CDC\)](#), the [World Health Organization \(WHO\)](#), and [local Massachusetts authorities](#). While the following document is subject to change based on local, state and federal guidelines and recommendations, our commitment to service will also remain paramount.

As the situation remains fluid, we will be monitoring and updating any new guidelines and remain ready to adapt quickly to ensure your experience is as safe and welcoming as ever. When you're ready to travel again, we look forward to delivering an exceptional experience. On behalf of the team at the Battery Wharf Hotel, thank you for your continued support!

Warmest regards,
